

Hospice Denial – No Hospice Related – C7010

Read **Account History** to confirm no action has been taken for this Denial Code.

1. Verify the hospice info call or check Medicare/DDE/Inovalon.
2. Call hospice and verify the admit date, discharge date, and the admitting dx code for this DOS.
3. Go to coding in epic and verify the DX code **is not hospice related**.

If so, continue with:

- Add 07 – “Treatment of Nonterminal Condition for Hospice Patient”

Claim Remarks – “Not Hospice Related”.

- 955 update denial/remark – “Closed denial” – Status Completed - No action needed.

If Medicare is not the only one being billed, then,

- 919 undo billing – “Undo billing”
- 927 initiate billing – Place your last note

Note Ex. Reviewed invoice # TC \$\$\$\$\$. MMCRE rejected claim due to be in Hospice Related per DDE. Denial Patient was enrolled with Hospice. Spoke with Rep Sasha phone (name of the person, number you contact and location) #902-792-0716 heritage hospice of Texarkana llc 4605 Texas Blvd Texarkana TX. Address. Verify Hospice admitting DX. Reviewed Coding and **Admitting DX was/is not related to Hospice**. Went to Claim Info and changed code to 07 and Not hospice related. Undid billing to Initiate new billing claim.

If Medicare is the only one being billed, then,

- 954 Resubmit Claim – Select: New and updated Information.

Note Ex. Reviewed invoice # TC \$\$\$\$\$. MMCRE rejected claim due to be in Hospice Related per DDE. Denial Patient was enrolled with Hospice. Spoke with Rep Sasha phone (name of the person, number you contact and location) #902-792-0716 heritage hospice of Texarkana llc 4605 Texas Blvd Texarkana TX. Address. Verify Hospice admitting DX. Reviewed Coding and **Admitting DX was/is not related to Hospice**. Went to Claim Info and changed code to 07 and Not hospice related. Resubmit claim with new information added.

Hospice Denial – Hospice Related – C7010

Read **Account History** to confirm no action has been taken for this Denial Code.

1. Verify the hospice info call or check Medicare/DDE/Inovalon.
2. Call hospice and verify the admit date, discharge date, and the admitting dx code for this DOS.
3. Go to coding in epic and verify the DX code **is hospice related**.

- 205 Billing Review Needed – Place your last note

Note Ex. Reviewed invoice # TC \$\$\$\$\$. MMCRE rejected claim due to be in Hospice Related per DDE. Denial Patient was enrolled with Hospice. Spoke with Rep (NAME) phone (name of the person, number you contact and location). Verify Hospice admitting DX. Reviewed Coding and **Admitting DX was/is related to Hospice**. Undid billing and submit Billing Review Needed to bill Hospice.

Secondary Denial No Additional Reimbursement – Denial Code 37196

It will appear that MMCRE is the secondary coverage and has made a \$0.00 payment.

When checking **EOB**, the amount will be shown as **Not Allowed** instead of *Denied*. Also, you will find the code **CO 45 – Charges Exceed fee sch/Max Allowed shown** in Remit Codes.

If you check on DDE, it will show you that nothing has been rejected but there will be a **\$0.00 payment** too, so **click F1** and verify if **Denial Code 37196** is present with the legend: NO MEDICARE PAYMENT CAN BE MADE FOR MEDICAL SERVICES AND SUPPLIES BECAUSE PAYMENT WAS MADE BY AN EMPLOYER GROUP HEALTH PLAN (EGHP).

To confirm everything, you can check in your **Reimbursement Tab** that the full amount is requested and no Expected Reimbursement is shown.

Bucket Activity:

[915] Post Adjustment – [7616] Secondary Denial No Additional Reimbursement

Note Ex. *“Review account and no payment from MMCRE has been made. Per Primary insurance cover more than the allowable and MMCRE as Secondary with No PT Responsibility on EOB, per DDE with denial reason No MMCRE Payment can be made for Medical Services and Supplies because payment was made by an Employer Group Health Plan, apply adjustment of \$0.00 to remaining balance.”*

MMCRE not shown as an active Coverage – Denial Code U5233

A quick hint about this process is the message on Remit Codes: *“PR 24 - Chgs cvd under capit agrmt/mgd care.”*

Then read **Account History** to confirm no action has been taken for this Denial Code.

Verify DDE and check if Denial Code **U5233** is present on claim.

Check if **MMCRE** is an active coverage or not, if it is

- Check if **CO – 07** has been added or not to the claim.
- If not, continue

Verify if other coverage has been added to **Coverages Tab** or in **Registration – Documents**. If so, confirm also the coverage is Eligible and MMCRE coverage is outdated. If so, continue

- 919 Undo All Billing – to remove all the billing from MMCRE.

You will have to **remove MMCRE** from the Coverage List and **add the new one** that is active.

- 927 initiate billing – Place your last note.

Note Ex. *“Per DDE Medicare rejected stating no payment can be made because the statement covered period falls within or overlaps an enrollment period in a risk HMO. Verified via EASE (New Coverage) is active. Undid billing, updated Medicare eff XX/XX/XX thru XX/XX/XX, added eff date range XX/XX/XX active, member verified and initiate bill to (Active Coverage).”*

Overlapping claim with identical services. – Denial Code 38022

Review EOB and History to confirm no other steps or processes are being followed.

Then Review DDE, verify if Denial Code 38022 is shown.

It will tell you the **claim was rejected** due to an **overlapping** with another claim **with identical services**.

Verify in **EASE/DDE** or **Call Medicare** to confirm overlapping account (This also can be done in **Guarantor Summary**).

If overlapping is present and the Claims are identicals, Submit

- [1040] Billing Audit Review Needed – Place your last note.

Note Ex. Review DDE and found Denial Code: 38022 - IF THIS CLAIM WAS RETURNED TO THE PROVIDER FOR CORRECTIONS. The invoice #9300000139486 is **overlapping** this invoice# 9300000140542 and the services **are identical**, please review **to consolidate these charges** under the overlapping inpatient claim.

Incorrect Patient Status. - Denial Code E7272 / C7272

Review Claim on DDE and look if Reason Code E7272 is presented, if so it will show as: *Inpatient claim with incorrect patient status due to transfer to another facility.*

After confirming the Reason Code is presented, follow the next steps.

Read **Account History** to confirm no action has been taken for this Denial Code.

1. **Call Medicare** to confirm the **Patient Discharge Status**, Location and service dates if possible on their end.

Once you have the Patient Discharge Status, verify in the “Coding” tab if it’s correct.

If it’s correct:

1. Confirm the Occurrence Code Change in *Patient Status - EO* is added, if not, add it.
2. Then proceed to Resubmit the Claim as a Corrected Claim (XX7).

If it’s not correct:

1. Submit the Account Activity “Coding Review Needed” requesting to update the Patient Discharge Status.
2. Once you confirm the Patient Discharge Status has been updated, then,
3. Confirm the Occurrence Code Change in *Patient Status - EO* is added, if not, add it.
4. Then proceed to **Resubmit the Claim** as a Corrected Claim (XX7).

Note Example:

Per DDE. Medicare reject claim due Denial Code E7272: Inpatient claim with incorrect patient status, call Medicare, spoke with [Agent name] with Reference #00000 and provide Patient Discharge Status: [Example – 06]. Please update Patient Discharge Status to resubmit as a corrected claim.

Medically Unlikely Edit – Denial Code 5XMUE

If amount is less or equal than **\$350.00**, then:

- apply Adjustment Code 7659 – *MCARE ADJUSTMENT UNITS EXCEED DAILY ALLOWABLE*.

If amount is more than **\$350.00** continue,

Read **Account History** to confirm no action has been taken for this Denial Code.

If **no action taken** yet, then:

Submit the Account Activity “Revenue Integrity Review Needed” requesting to review **units and charges** related to the HCPCS Code denied.

Once Revenue Integrity Review is completed, review the response they provide.

If Revenue Integrity **made any change** and medical records are not needed,

- Submit the Account Activity **Billing Review Needed** to send a *Clerical Reopening* request for Medicare to accept the Corrected Claim (XX7).

If Revenue Integrity returned the request with **no changes**,

- Then submit the Account Activity **Billing Review Needed** to send a *Redetermination* Request with Medical Records to Medicare for Reimbursement.

If Medicare Denies the Redetermination request, then adjust the Denied Balance to 7566 – *NOT MEDICALLY NECESSARY*.
