

MEDITECH: IPlan Change

Introduction

This job aid shows how to add an IPlan when an incorrect or new insurance has been identified and needs to be added to an account in MEDITECH.

Prerequisite: Reverse all adjustments issued to the incorrect IPlan. See [IPlan Change Adjustment Journal](#) for more information.

Important: *If insurance is discovered on a SELF account, remove account from self-pay agency. See [MEDITECH: Agency Code Change](#) for more information on how to remove an account from agency.*

Add New IPlan

1. Search patient account number.

Note: See [MEDITECH: Account Search](#) for more information.

2. Click **Insurance**.
3. Click **Add**.

19. Tab through remaining boxes until you get to **Authorization** tab.

Caution: Do not click **Save**.

20. Follow instructions as indicated:

If the previous IPlan is	Then
The same payer and there is an authorization number	Proceed to Step 21 .
The same payer and there is <u>not</u> an authorization number	Proceed to Step 22 .
A different payer	Proceed to Step 22 .

21. Complete the following to add authorization information:

Field	Action
Authorization Num	Type authorization number.
Eff Date	Type authorization effective date, if available.

Exp Date	Type authorization expiration date, if available.
Auth Status	Select authorization status.
Verif Status	Select authorization verification status.
Verif Date	Date will default to today, enter correct date if not verified today.

22. Click **Save**.

23. The message "Change the Current Insurance Order" displays, click **Yes**.

24. From **New Insurance Order** box, enter correct IPlan order.

Caution: *Do not click OK.*

Important: *Do not add inactive IPlans under the New column. If the IPlan is still active, list in appropriate order (secondary, tertiary, etc.)*

Important: *You do not need to add a patient responsibility IPlan (SELF PY). The system automatically adds SELF PY to every account.*

25. Tab through **Financial Class** box to update.

Important: *You must tab through **Financial Class** box so it can be updated in the system. If you click **OK** without updating the financial class, it will cause coding issues with HIM and reimbursement reconciliation issues with financial leadership at the facility.*

26. Click **OK**.

27. Follow instructions as indicated:

If	Then
The message "Insurance(s) IPlan mnemonic will be inactive" displays Note: <i>Message displays when previous IPlans are inactivated by not being listed in Step 24.</i>	Click Close .
The message "Update Demo Recall?" displays	- Click Yes. - Proceed to next step.

No message displays	Proceed to next step .
---------------------	-------------------------------

28. The message "Reorder/Reprorate Posted and Printed Bills?" displays, click **Yes**.

Caution: *If you click **No**, the IPlan order will **not** reflect correctly on the Summary, Bills, or Claims Screens.*

29. From **Bill Num**, select appropriate bill number.

30. From **New Insurance Order**, enter new IPlan order.

Important: *Do **not** add the inactive IPlan under the **New** column. If the IPlan is still active, list in appropriate order (secondary, tertiary, etc.)*

Important: *You do **not** need to add a patient responsibility IPlan (SELF PY). The system automatically adds SELF PY to every account.*

31. Click **OK**.

32. Follow instructions as indicated:

If	Then
The message "Insurance(s) [] will be deleted from this bill" displays	Click Close.

Note: Message displays when previous IPlans are inactivated by not being listed in Step 31 .	Proceed to next step.
No message displays	Proceed to next step .

33. Follow instructions as indicated:

If the message displays	Then
"Auto prorate?"	Click Yes .
"Proration Holds found, please take note."	- Close message(s). - Proceed with job aid and review holds/issues after completion. Note: See MEDITECH: Failed Claims and Holds for more information.
"Done"	Click Close .
"Manually prorate?"	Click No .
"Done"	Click Close .
"Forms to Queue:"	Proceed to next step .

34. Follow instructions as indicated:

If new IPlan	Then
Needs to be billed	- Click All. - Proceed to next step.
Does not need to be billed	- Click Selected. - Leave check boxes blank. - Click OK. - The message "PCON Claims are Automatically Queued" displays, click Close. - Proceed to next step.

Note: THCIC claims are used for reporting purposes and will not generate a bill to the payer.

Note: PCON claims will automatically be queued.

35. Click **Summary** tab.
