Please make sure to go over HISTORY notes before taking any action on the account.

- **WORKER'S COMPENSATION PLAN:**

- **TRANSFERS TO ANOTHER ACCOUNT:**

- If the patient only has bad debt-outstanding balances, then transfer takes place. Transfer credit to the oldest account within the past 5 years.

- If a patient has credit and the only accounts pending insurance are accounts where it has been more than 1 year since we sent the claim, we **CAN** refund the patient. (Note: The reason is because balance would be **passed timely billing** to the patient).
