

Epic Resolute CHS HB: Process Late Charges

PATIENT FINANCIAL SERVICES

Introduction

CHRISTUS Ministries and/or departments may add late charges after the account final bills. These charges are often the result of coding changes or charges added by other departments. This job aid outlines criteria to determine whether late charge(s) should be rebilled to payer and shows how to process late charge(s) when needed.

Process at a Glance

This section shows a high-level overview of the Late Charge process. The next section of this job aid will review the process step-by-step.

Identify Late Charge Amount

Review and determine if late charges meet the thresholds to be processed as:

- **Late Replacement Claim**
or
- **Write-off**

Late Replacement

- Verify the original ICN is present.
- If ICN is **not** present, then override the ICN.
- Process late charges as **Late Replacement**, if charges are greater than threshold for inpatient or outpatient claim.

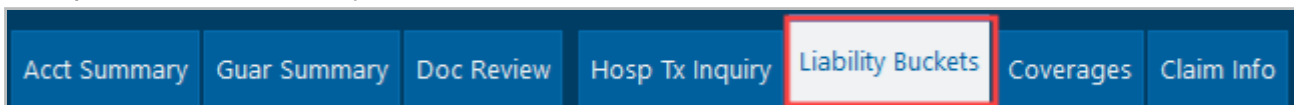

Write-off Charges

If the late charges are less than the minimum thresholds for inpatient or outpatient claim.

Identify Late Charge Amount

This section shows how to identify the late charge amounts to determine how to process the late charges.

1. Once you have accessed hospital account, click **Liability Buckets** tab.

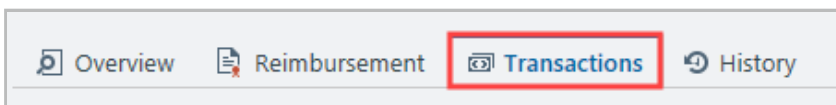

2. Under **Prebilled**, click status hyperlink.

Prebilled						
Status	Chgs	Prv Cred	Pmts	Adjs	Trans Out	Balance
Created	7,094.00	0.00	0.00	0.00	-6,864.00	230.00

✓ Prebilled **Overview** tab displays.

3. Click **Transactions**.

4. Under **Total Amount**, review charges.

Charges					Total (1) 230.00
Group by: Revenue Code CPT®/HCPCS Code Svc Date Svc Date - Px Other ▼					
Select All Deselect All Filters Export					
Revenue Code	Description	Qty	Total Amount		
☐ 0272	MEDICAL/SURGICAL SUPPLIES AND DEVICES - STERILE SUPPLY	1	230.00		

5. Use table to determine steps needed to work late charges.

If claim is	With late charge amount	Then
Outpatient	Less than \$1,000	Proceed to section Write-Off Charges .
Outpatient	Greater than \$1,000	Proceed to section Late Replacement Claim .
Inpatient	Less than \$10,000	Proceed to section Write-Off Charges .
Inpatient	Greater than \$10,000	Proceed to section Late Replacement Claim .

Revised: n/a

Reviewed: 04/01/2024

Published: 04/01/2024

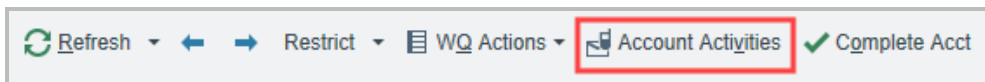

Write-Off Late Charges

This section shows how to process late charges as a write-off.

Caution

When a write-off approval is denied by billing leadership, it sends the account back to the late charge workqueue. However once sent back, it no longer shows the pending amount. As a result, these accounts require more in-depth review of account charges and notes to establish the cause for late charges and determination if rebill needed.

1. Click **Account Activities**.

✓ **Hospital Account Activity** search pane displays.

2. Search and select **Process Late Charges [932]**.

3. Follow directions as indicated:

Field	Action
Add Note	Type general note including write-off reason and amount. Example: Late charge amount does not meet threshold for rebill. No rebill required. Write-off amount for \$X.XX.
Override DNB Warnings	No action is required. If DNB edits are found, Epic will route to the correct workqueue for review.

	Important: DNB warnings should only be overridden in specific circumstances with Leadership approval. See Epic - Override DNB Warnings for more information on how to override DNB warnings, if appropriate.
Process Late Charges	Select Write-Off .
Account Workqueue Actions	Click Complete .

4. Click **Accept**.

Late Replacement Claim

This section shows how to process charges as a Late Replacement.

Before You Begin

Review the tables below to verify if a late replacement is needed.

⊗ **Warning:** Do **not** rebill anything that is **greater than \$50,000 (in total charges)** or **Past Filing Deadline (PFD)**. Rebilling when it is not needed can cause the payer to recoup **all** payments on prior claims instead of processing late charges. This can result in revenue loss.

Note: Manager approval is required to rebill claims that are greater than \$50,000 in total charges.

Outpatient Late Charges

If claim is	With late charge amount	Then
TMHP	Greater than \$1,000 and/or less than \$50,000 in total charges (debit or credit) and within Filing Deadline (FD)	Resubmit claim as XX1 (new day claim) using TMHP Corrected Claim Process (coming soon) . Note: Manager approval is required before resubmission.
Texas Medicaid (Managed or Traditional)	Greater than \$1,000 and Past Filing Deadline (PFD) (debit or credit)	Do not bill late charge(s) to payer. • Demand Claim to "queue" PCON. See Epic - Demand Claim • Review for changes in PCON expected reimbursement. See Epic - View Expected Reimbursement. • Refund, if applicable. See Epic - Initiate Refund. • Write off to contractual, if applicable. See section Write-off Charges.

Texas Medicaid (Managed)	Greater than \$1,000 and/or less than \$50,000 in total charges (debit or credit) and within Filing Deadline (FD)	Bill late charge(s) as XX7 (corrected claim) to payer. See Epic - Resubmit Claim. Note: Manager approval is required before resubmission.
All other payers	Greater than \$1,000 (debit or credit)	• Bill late charge(s) as XX7 (corrected claim) to payer. See Epic - Resubmit Claim. • For Traditional and Managed Medicare claims, add D1 condition code. See Epic - Update Claim Info Tab. Note: Before rebilling, manager approval is required for Managed Medicaid claims with total charges over \$50,000.

Inpatient Late Charges

If claim is	With late charge amount	Then
Traditional Medicare	Less than \$10,000 (debit or credit)	Do not bill late charge(s) to payer. • Process as write-off. See section Write-off Charges.
Traditional Medicare	Greater than \$10,000 (debit or credit)	• Add D1 condition code. See Epic - Update Claim Info Tab. • Add claim ICN. See Epic - Locate Specific Claim. • Bill late charge(s) as XX7 (corrected claim) to payer. See Epic - Resubmit Claim.
Managed Medicare	Less than \$10,000 (debit	Do not bill late charge(s) to payer.

	or credit)	Process as write-off. See section Write-off Charges.
Managed Medicare	Greater than \$10,000 (debit or credit)	- Add D1 condition code. See Epic - Update Claim Info Tab. - Add claim ICN. See Epic - Locate Specific Claim. - Bill late charge(s) as XX7 (corrected claim) to payer. See Epic - Resubmit Claim.
All Traditional and Managed Medicaid	Less than \$10,000 (debit or credit)	Do not bill late charge(s) to payer. Process as write-off. See section Write-off Charges Process as write-off. See section Write-off Charges.
All Traditional and Managed Medicaid (except TMHP)	Greater than \$10,000 (debit or credit) and within Filing Deadline (FD)	- Add claim ICN. See Epic - Locate Specific Claim. - Bill late charge(s) as XX7 (corrected claim) to payer. See Epic - Resubmit Claim. Note: Before rebilling, manager approval is required for Managed Medicaid claims with total charges over \$50,000.
All Traditional and Managed Medicaid (except TMHP)	Greater than \$10,000 (debit or credit) and Past Filing Deadline (PFD)	Do not bill late charge(s) to payer. Process as write-off. See section Write-off Charges. Note: Manager adjustment approval is required.
TMHP	Greater than \$10,000 (debit or credit)	Review PCON expected reimbursement. See Epic - View Expected Reimbursement.

		Bill late charge(s) as XX5 to payer. See Epic - Resubmit Claim.
All other payers (Commercial, Misc., VA, Tricare, WC, Contracts)	Less than \$10,000 (debit or credit)	Do not bill late charge(s) to payer. - Demand Claim to "queue" PCON. See Epic - Demand Claim. - Review for changes in PCON expected reimbursement. See Epic - View Expected Reimbursement. - Refund, if applicable. See Epic - Initiate Refund. - Write off to contractual, if applicable. See section Write-off Charges.
All other payers (Commercial, Misc., VA, Tricare, WC, Contracts)	Greater than \$10,000 (debit or credit)	Bill late charge(s) as XX7 (corrected claim) to payer. See Epic - Resubmit Claim .

Important

A ICN must be present on the corrected claim for new charges to be considered for payment.

1. Follow directions as indicated:

If	Then
Original ICN is not present	Proceed to Step 2 .
Original ICN is present	Skip to Step 11 .

2. Once you have accessed hospital account, click **Liability Buckets**.
